INFORMATION LITERACY ACIVITY:

Look at the fun and interesting facts I found online! Now, choose a topic that interests you, do some research, and collect 5 new facts about it that you did not know before.

1. A bolt of lightning is five times hotter than the sun.
2. Dolphins only shut half their brain off when sleeping. The other half stays at a low level of alertness to protect against predators.
3. Your heart beats about 115,000 every day.
4. It takes between two and three years for a pineapple to grow to its full size.
5. A cloud weighs around a million tons.
 - A million tons is like 250,000 elephants!
 - It's about the weight of 200,000 school buses filled with kids.
 - Imagine 5,000 blue whales, the biggest animals on Earth—that's about a million tons.
 - A million tons is like the weight of 50,000 big trucks.
 - Or, if you had 200,000 cars, that would be close to a million tons!
