FLEXIBILITY ACIVITY:

The school has planned a festival for everyone to enjoy, with many parents, students, and teachers attending. A pizza shop was supposed to sell food at the event, but an hour before it starts, they inform the principal that they had a fire at the shop and cannot come anymore. The principal doesn't want to cancel the event. Write a list of suggestions (at least 80 words) with what the principal could do to save the event.
