

# Flexibility

Grade 8

Mentee: .....

Grade: ..... Date: .....

**FLEXIBILITY ACIVITY:**

Imagine a small coastal village where people have always made a living by fishing. But now, because of climate change, sea levels are rising, and there are not as many fish as there used to be. How do you think the people in this town could cope with these changes and adapt to their new reality? Write at least 120 words.
