### LEADERSHIP ACTIVITY:

Good leaders pick teammates who can help them succeed. Today's task:

1. Think about a **project** you would like to work on. It could be:

- Planning a class party
- Starting a recycling project
- Organising a fun game for the class

Write down the **project idea** you have chosen.

2. You need 3 friends to help you. Do not write their names - just think about the qualities you would need in teammates. For example:

- Someone who works hard
- Someone with good ideas
- Someone who is creative
- Someone who can keep track of tasks
- Someone who supports the team
- Someone who finishes their work on time
- Someone who keeps everyone motivated
- Someone who works well with others

3. Write **three qualities** you would look for in teammates and explain why each quality is important for the success of your project.

Pick the best team for success!
