Grade: Date:

LEADERSHIP ACTIVITY:

Leaders inspire their teams, especially when things get tough. Today, you will think about how to motivate and encourage others to stay positive and focused. Here is your task:

- Your class is organising a charity bake sale and you are the class leader in charge of coordinating it. Things are getting stressful, and some team members are starting to feel discouraged.

On your worksheet:

- List 3 ways you could encourage and motivate your team, like:
 - Praising their hard work.
 - Dividing tasks fairly.
 - Reminding them of the goal.
- Explain why each action will help keep everyone positive and working together.

I want to see how you would inspire your team to succeed!
