INITIATIVE ACIVITY:

Some problems are tricky to solve, and you need to think carefully about the **best way to solve them!** Read the three questions in the block below. **Choose one of them,** and explain how you would solve it. Take your time, and remember: good problem-solving can make everyone feel happy and included! Explain in detail.

You lost your favourite pencil in the classroom. What steps would you take to try to find it?

You and your friend both want to use the blue pencil at the same time. How can you solve this problem so both of you are happy?

You have 15 minutes to play and also need to pack up before the bell rings. What could you do to make sure you have time for both?
