ABOUT GENERAL HOSPITAL

The General Hospital Murska Sobota is the central health institution in the northeastern part of Slovenia, as we care for the health care of the population east and west of the Mura River.

The values we follow are CARE, EXPERIENCE, HUMANITY, TOLERANCE AND PRECISION.

The Surgical Department of the General Hospital Murska Sobota has 102 beds, 4 sections and 2 units of intensive therapy. There are 24 surgeons in the department. 7670 patients are operated annually and 4200 surgeries are done clinically.

Radenko Koprivica, MD, PhD,
Surgeon, Head of the Surgical
Department at the General
Hospital Murska Sobota

Completed the Faculty of Medicine in Belgrade in 1994. Specialisation in Surgery 2002. Subspecialisation in 2010 in the field of vascular surgery. Doctor of science in the field of vascular surgery.

I am practising procedures in the field of vascular and endovascular surgery, abdominal surgery (colorectal open and laparoscopic surgery, gastric surgery, and hepatobiliary surgery). I was professionally trained in the Clinical Center of Serbia - Belgrade, the Clinical Center of Vojvodina - Novi Sad, the Clinical Center Ljubljana, the Clinical Center in Padua, Italy, Inselspital - Bern, UZH Zürich, Switzerland.

I am the main mentor to the three specialists in general surgery and direct mentor to nine specialists.

ACCOMODATION: LOVENJAKOV DVOR

Lovenjakov Dvor (Lovenjak Inn and Hotel Strk) is a modern country hotel located in the village of Polana. The General Hospital Murska Sobota is only a 10 minutes drive away.
