SC'ÖÖF

THURSDAY 27 APRIL
23:30–00:00

SCHLACHTHOF

Amidst the hills of Switzerland, a group of like-minded individuals converged in 2015, united in their passion for pushing sonic boundaries. The radical musical language of Sc'ööf defies categorisation, blending jazz, rock, metal, punk, and experimental music into a sound that is uniquely their own. Their strong affection for captivatingly odd grooves and an excessive live energy makes Sc'ööf an exciting bag of surprises. They were awarded the 2020 ZKB Jazzpreis at Moods in Zürich, and about their debut album «Weaving Elephants» (Club Dänemark), Jazz'n'More wrote: «the music captivates through its otherness and compactness.»

SHOWCASE

LIUN + THE SCIENCE FICTION ORCHESTRA

FRIDAY 28 APRIL
15:30–16:00

SCHLACHTHOF

LIUN + The Science Fiction Orchestra is a project co-led by vocalist Lucia Cadotsch and saxophonist/composer Wanja Slavin, bringing some of the most recognisable names on the European contemporary jazz scene together in a ten-piece jazz ensemble. Slavin's complex, multi-layered arrangements contrast with Cadotsch's frank, translucent voice. Kurt Rosenwinkel called their first album "Time Rewind" "an instant classic," and the compositions on that album have here been scaled up in vibrant acoustic large ensemble reinterpretations of the pieces. A reinvention of what is possible for a larger jazz ensemble to look like in the modern age.
