3. In the Autumn term, we learnt about how communities and families worked together to help the war effort while the armed forces were defending our country. Write a list of things you could realistically do to help during the Coronavirus pandemic. Perhaps you could help at home more by taking on a regular household chore? Perhaps you could make sure you stay in contact with isolated family members and friends by writing to them or calling them? How many things can you list? Try carrying some of them out.
