

Home Learning Expectations Nursery
Week beginning 15th June 2020

Hello, we hope you are all keeping well and are enjoying your home learning activities so far.

Please contact Mrs Day at ruth.day@fairlands.herts.sch.uk if you have any questions or require support with anything.

CHAT

- Have a chat about any seasonal changes you have noticed over the last few weeks. Discuss how it has become very hot and sunny. *What things do we need to think about when it is warm? What changes? Do we have to wear anything different?* Talk about how to keep safe in the sun.

PLAY

Online:

Maths - Sing number songs together. There are lots available on you tube, here is an example <https://www.youtube.com/watch?v=kHUw3JtqeJw> You could make the characters or objects in the song to help with your counting.

Phonics - <https://www.phonicsplay.co.uk/AnimalBingo.html> Listen to the sound and guess which animal it is.

Offline:

Maths - Write the numbers 1 – 10 on pieces of paper and mix them up. An adult calls a number and the child needs to try and find it and put the numbers back in the correct order. Once the numbers have been put in the correct order, can you match the correct number of objects to each number?

Phonics – play an animal themed guessing game. Make some sound effects for different animal noises and encourage someone to guess what animal sound you were making. You could ‘meow’ like a cat, ‘woof’ like a dog or ‘hiss’ like a snake. What other animal sounds can you make?

Topic – With support, can you make a picture showing how to keep safe in the sun? You can draw it, paint it, collage it, it’s up to you!

READ

Emma the Explorer has a list of things she needs to take on her next adventure but she can't read it! Can you help Emma work out what she needs to pack in her bag? Sound out the words below and blend the sounds together to find out what she needs to take. You could draw pictures to help Emma know what she needs to take.

Optional extension activity

When you are outside playing, look at your shadow. Is it as big as you or smaller? Is it always the same size? Does it always follow you or does it sometimes move in front of you? Find out as much as you can about shadows.
