

Home Learning Expectations Year 1
Week beginning 13th July 2020

Hello, we hope you are keeping well and have been enjoying your home learning activities so far. We have reached our final week of the summer term! Well done for all of your hard work and for being so resilient this year. You have all been amazing 😊

This will be your final set of home learning activities.

Chat

Our school value for this month is 'Resilience'. Please spend some time with your child discussing what this value means. How might we demonstrate resilience? Encourage your child to discuss the different ways we might be resilient.

Play

Offline learning activities

1. **Maths** -

There are 8 cups to be shared equally between 2 trays.

How many cups would go on each tray?

Can you write the calculation to match?

2. **English** - As part of transition to year 2, we would like you to think of any questions you may have. Write your question, using a question mark at the end of your sentence. Discuss these questions with an adult or older sibling, at home. Please contact us if you feel that you need help in answering any of the questions.

3. **Art** - Last week we asked you to create a portrait of somebody at home. This week, we would like you to draw a self-portrait (a picture of yourself) on the frame provided at the end of these activities. We then want you to think about how you are feeling about moving to year two. Write your feelings under your picture and discuss them with someone at home.

Online learning activities

1. **Maths** - Practise spelling numbers in words.

<http://flash.topmarks.co.uk/5012>

2. **Topic** - Make a picture of what you would see at the beach.

https://www.purplemash.com/#app/mm_2diy_activities/MM_beach

3. **English** - This game will allow you to practise many of the skills we have learnt this year such as using a variety of punctuation and using the correct suffix and prefix.

Read

Remember to read every day. It could be a book, magazine, recipe, instructions, bug club. Try to include some time in the day to share stories together.

On Purple Mash read the fourth chapter of the story 'Anna and the third Leaf' and complete the Break Time activity.

https://www.purplemash.com/app/serialmash/AnnaThirdLeaf_Ch4_US

Optional extension activity

The Sun

The sun gives off different types of energy.

Do You Know What Types of Energy the Sun Gives Off?

- Invisible infrared heat which makes us feel warm.
- Visible light which we can see.
- Ultraviolet (UV) rays which we can't see or feel on our skin but can damage our skin if we get too much of it.

Your Skin and UV Rays

Being outside in the sunshine can be great fun, but because of the damage UV rays can do, we need to make sure that we protect our skin from the sun.

What Kind of Skin Do You Have?

If you've got fair skin, moles or freckles, you'll need to take extra care to protect your skin.

Sun Safety Code

Spending too much time in the sun can be harmful.

We should all follow a special code, which reminds us how to enjoy the sun while staying safe.

There Are Five Parts to Remember...

Spend time in the shade between 11 a.m. and 3 p.m.

Make sure you never burn.

Aim to cover up with a hat, T-shirt and sunglasses.

Remember children need to take extra care.

Then use sunscreen of a minimum of SPF 30.

1. What are the different types of energy the sun gives off? Tick three.

invisible infrared heat

x-ray vision

visible light

ultraviolet (UV) rays

2. People with which kind of skin need to take extra care in the sun to protect their skin?

3. Why can spending too much time in the sun be harmful? Tick one.

because you can get hot

because you can catch sun spots

because you can get hungry

because of the damage UV rays can do

4. Between which times in the day should you try to find shade?

5. What are three things you should aim to cover up with in the sun?

1) _____

2) _____

3) _____

Draw your self-portrait here.

Write your feelings here.
