

Year 5 Home Learning - 24.09.21

Due in 29.09.21

Reading

Please read a minimum of three times each week. Please ask your adult to sign your reading record!

Learn Its

6 x 7 =

7 x 7 =

8 x 7 =

9 x 7 =

Count in 7's

Learn your 7 x tables

It is nothing new - How can you use these facts to solve other calculations? For e.g. $5 \times 7 = 35$ so $5 \times 70 = 350$

Calculate - Practice the written methods for adding using efficient written methods

Spellings

Learn your spellings ready for next week. This week we are focusing on homophones, which are words with the same sound but with different meaning.

If you are finding them tricky use different strategies to help you

E.g. rainbow writing, pyramid writing, look cover check, mnemonics, bubble writing and silly sentences.

Anyway is fine as long as you learn these words!

Apprentice	Practitioner and Expert

Challenge: Due in 08.10.21

This half term we are learning about: Home and Away - Countries in EUROPE.

Your challenge to create something that represents a country in the continent of EUROPE. You could create a poster, model, written information text or a detailed drawing The choice is yours!

For e.g. A detailed flag from the country in EUROPE.

A menu of a traditional dish from the country of your choice in EUROPE.

A drawing of famous landmark in the country from EUROPE.

A fact file all about a country in EUROPE.

Remember neat presentation and be as creative as you can - good luck!
