

Dear Parents/Carers,

I hope you are all well and staying safe. My name is Georgia Sharp and I am the additional teacher working with Year Six. In addition to this, I have been completing a university course in Psychology. Unfortunately, due to Covid-19 and the lockdown, I was unable to conduct my final project as planned and as such now must complete a study online.

I need parents and teachers to fill in a questionnaire about perceptions of Autism, Autism experiences and services. I would like participants from a variety of backgrounds, so please consider completing the survey even if your child does not have autism (as this data is needed to make any comparisons).

Thank you for so much for taking the time to read this letter, I would greatly appreciate any support in completing the study, it should take no more than fifteen minutes. Please be advised that filling in the survey is anonymous, and the questions are not specifically about Fairlands Primary School. The link to take part in the survey is below.

Once more, thank you for your time.

Yours faithfully,

Miss Georgia Sharp.
