Dear Parents/Carers of children in Year 5,

Captain Caveman WOW day Monday 24th May

As part of our work on Prehistoric life this half term, we will be having a WOW day to discover more about key aspects of the civilisation and how they have influenced our lives today. There will be no charge for this event.

Children are invited to come to school dressed in Neolithic (Cavemen) Men and Women costumes for the day but please make sure they are wearing suitable footwear as we may also take part in some outdoor activities during the day. Please do not feel it is necessary to buy a costume, homemade ones are often so much better! For example, any animal print clothing or material, with a belt around can look very effective.

So far we have planned to discover the purpose of paintings by Stone Age craftspeople, this will then result in the children making their own prehistoric paintings. We will also discover what the Stone Age people ate and become archaeologists and dissect some coprolites! Which is fossilised poo!

We are looking forward to the day and we will post pictures on our year group blog on the school website so you can have a glimpse at some of the fun we will be getting up too.

Kind regards

Year 5 team

Headteacher: Mr Robert Staples BA (Hons)
