

18th May 2023

Dear Parents/Carers,

Year 1 – Science/RSHE

As part of the Science/RSHE curriculum for Year 1 the children will be taking part in six 'Changing Me' lessons. These lessons will take place **over the next half term** and your child may wish to share their learning with you.

The learning intentions for these are to; understand the life cycle of humans and animals, to say how I have changed and to identify parts of the body that make boys and girls different.

Parents have the right to withdraw their child from parts of Sex and Relationships Education **which are not covered** by the National Curriculum for Science. Please talk to your child's class teacher if you are considering withdrawing your child from any aspect of the 'Changing Me' lessons. They will be able to talk to you about whether an aspect is part of the National Curriculum for Science or not.

If you have any further questions, or would like to see the resources which will be used, please do not hesitate to contact your child's class teacher.

We hope you find this information helpful.

Mrs N Sembi (DHT of the Lower Phase)
