Dear Parents/Carers

Re: Science & Engineering Week – Family Afternoon – Thursday 12th March

You will today have received a letter about the workshops taking place in Science & Engineering Week.

In addition to these workshops, we would like to invite parents/grandparents/aunts & uncles to come in to school on Thursday 12th March at 1.30pm, to take part in our 'Family Engineering Challenge' to build the tallest tower with your family. All materials will be supplied and there will be a prize for the tallest tower.

You are also invited to see 'Science in Action' at 2.00pm by visiting the classrooms from Foundation to Year 6, to see the experiments and investigations taking place.

In order to ensure we have the necessary resources, please sign up using the slip below to enable us to have an idea of numbers.

This promises to be a fun afternoon for all the family, and I do hope to see as many of you as possible on Thursday afternoon.

Mr R Staples
Headteacher
