

## Keeping up with the Children

### Family Learning Taster

Do you want to.....

- understand the numeracy hour?
- understand how maths is taught today?
- get ideas on how to help your children?
- understand the language of maths?
- know the different methods your children use when adding or subtracting?

This numeracy taster will introduce you to Family Learning, support you with the development of your own maths skills and knowledge so that you can help your child.

I now understand what my children are learning at school and how I can help them.

**The workshop will be held in the Upper Building, Learning Room, on Monday 6<sup>th</sup> July, 9.15am -11.30am.**

A crèche will be provided

**Hurry - there are still 3 places available - contact the school office today to secure your place!**
