

COD. 8015

BATHROOM DESCALER

DESCRIPTION

Bathroom descaler

MAIN FEATURES

Effectively removes limescale from sinks, taps, shower cubicle and tiles.

TECHNICAL SPECIFICATIONS

Appearance: Clear red liquid

pH: 2,60 +/- 0,50

Specific weight [g/ml]: 1,020 +/- 0,020

HOW TO USE AND DOSING

Ready to use. Apply the product on the surface, leave on for a few minutes and then rinse thoroughly with a wet cloth. Proper dosage saves costs and minimizes environmental impacts.

PRODUCT COMPATIBILITY

Do not mix with chlorinated products. Do not use on acid-sensitive surfaces, e.g. marble, marble-chip materials, travertine and other calcareous surfaces. Before use, check the resistance of the surface to acids. Immediately remove splashes of solution from acid-sensitive surfaces and rinse thoroughly. If in doubt, test compatibility with the materials on a small hidden part before use.

USE & STORAGE PRECAUTIONS

The product is formulated for professional use only. Store in the original containers. Avoid extreme temperatures. For more information on use and disposal, consult the safety data sheet.

COMPLIANCE

The surfactants contained are biodegradable according to the criteria defined by European Directive 648/2004/EC and subsequent amendments. EU Ecolabel License no. IT/020/036. The recommended dose allows you to save money and minimise the environmental impact.

CHEMICAL COMPOSITION

See the safety data sheet for more information on the product's ingredients.
