### Excellent performance with sustainability at its core

At Italchimica, we believe chemistry can be a driving force for improving lives. This is why our research and development projects are always guided by a commitment to preserving the environment and natural resources.

From feasibility studies for new formulations to the technical evaluation of raw materials, benchmarking analyses, and formulation updates, every step of our process is designed to create effective, sustainable products. All claims are rigorously tested and verified to ensure they meet the highest standards.

### Certifications and Quality Assurance

Italchimica prioritizes regulatory compliance and consistent quality across all products. Each product undergoes stringent controls, and every claim is thoroughly validated to guarantee safety and performance.

Our range includes home and personal care products, as well as solutions for hygiene and disinfection in professional settings-from hotels and restaurants to healthcare and medical facilities. All Italchimica products are certified, safe, and designed to meet the diverse needs of our clients.

## MECANICAL DISHWASHING

### WASHPRO HARD WATER - DO4100 / DO4101

pH 13,5

Pack 2 x 5 L / 6,4 Kg - EAN 8050999571779  
Pack 1 x 15 L / 19,2 Kg - EAN 8050999571786

Mechanical dishwashing detergent - Hard water  $\geq 25^{\circ}\text{F}$ . Effectively cleans and degreases dishes and tableware. Eliminates odours. Leaves tableware shiny, streak-free, with no water stains. Prevents limescale build-up on tableware and machine.

**How to use:** 1 - 2 ml/l depending on water hardness. With automatic dosing system, insert the dipstick directly into the tank.

### WASHPRO MEDIUM WATER - DO4102 / DO4103

pH 13,5

Pack 2 x 5 L / 6,2 Kg - EAN 8050999571793  
Pack 1 x 15 L / 18,5 Kg - EAN 8050999571809

Mechanical dishwashing detergent - Medium water  $15-25^{\circ}\text{F}$ . Effectively cleans and degreases dishes and tableware. Eliminates odours. Leaves tableware shiny, streak-free, with no water stains. Prevents limescale build-up on tableware and machine.

**How to use:** 2 - 3 ml/l depending on water hardness. With automatic dosing system, insert the dipstick directly into the tank.

### WASHPRO SOFT WATER - DO4104

pH 13,5

Pack 2 x 5 L / 5,7 Kg - EAN 8050999571816

Mechanical dishwashing detergent - Soft water  $<15^{\circ}\text{F}$ . Effectively cleans and degreases dishes and tableware. Eliminates odours. Leaves tableware shiny, streak-free, with no water stains. Prevents limescale build-up on tableware and machine.

**How to use:** 3 - 5 ml/l depending on water hardness. With automatic dosing system, insert the dipstick directly into the tank.

### BARPRO - DO4105

pH 13,5

Pack 2 x 5 L / 6,1 Kg - EAN 8050999571823

BARPRO. Detergent for glasswashers. Effectively removes coffee, tea and lipstick stains. Leaves glasses and tableware shiny. Prevents streaks and limescale build-up on tableware and machine.

**How to use:** 1 - 2 ml/l depending on water hardness. With automatic dosing system, insert the dipstick directly into the tank.

### DRYPRO MEDIUM WATER - DO4106 / DO4108

pH 2,1

Pack 2 x 5 L / 5,1 Kg - EAN 8050999571830  
Pack 1 x 15 L / 15,3 Kg - EAN 8050999571854

Rinse aid for professional dishwashers and glasswashers - Soft and medium water  $< 25^{\circ}\text{F}$ . Leaves tableware shiny, streak-free and ensures that they dry quickly. Eliminates odours.

**How to use:** 0,2 - 0,5 ml/l depending on water hardness. With automatic dosing system, insert the dipstick directly into the tank.

## DRYPRO HARD WATER - DO4109 / DO4110

pH 2,1

Pack 2 x 5 L / 5,1 Kg - EAN 8050999571861  
Pack 1 x 15 L / 15,3 Kg - EAN 8050999571878

Rinse aid for professional dishwashers and glasswashers - Hard water  $\geq 25^{\circ}\text{F}$ . Leaves tableware shiny, streak-free and ensures that they dry quickly. Eliminates odours.

**How to use:** 0,2 - 0,5 ml/l depending on water hardness. With automatic dosing system, insert the dipstick directly into the tank.

## NOKALPRO - DO4107

pH 1,2

Pack 2 x 5 L / 6,2 Kg - EAN 8050999571847

Descaler for dishwashers and pasta cookers. Quickly removes limescale and rust. Does not affect metals and seals.

**How to use:** 50 - 150 ml/l (2-3 caps per litre of water) depending on amount of encrustations. Dishwashers: Pour recommended dose of product into detergent compartment. Start an empty cleaning cycle at 50-60 °C. Kettles/pasta cookers: Dilute recommended dose in water inside the cooker, bring to 50-60°C. Rinse thoroughly.

# DISHWASHING

## DISHPRO SUPER - DO4203/ DO4200

pH 7

Pack 6 x 1000 ml - EAN 8050999571915  
Pack 2 x 5 L / 5,2 Kg - EAN 8050999571885

Concentrated hand dishwashing detergent. Degreases thoroughly, eliminating unpleasant odours. Formula dermatologically tested.

**How to use:** 1-3 ml/l depending on amount of dirt. Pour product dose into lukewarm water, leave tableware to soak for as long as necessary to soften the dirt. Use a sponge or brush on stubborn dirt, then rinse and allow to dry.

## DISHPRO - DO4202 / DO4201

pH 7

Pack 6 x 1000 ml - EAN 8050999571908  
Pack 2 x 5 L / 5,1 Kg - EAN 8050999571892

Lemon-scented hand dishwashing detergent. Effectively removes grease and food residues. Eliminates unpleasant odours. Formula dermatologically tested.

**How to use:** 4-6 ml/l depending on amount of dirt. Pour product dose into lukewarm water, leave tableware to soak for as long as necessary to soften the dirt. Use a sponge or brush on stubborn dirt, then rinse and allow to dry.

## MANUAL DISPENSER - 7

Pack 1 pz - EAN 8032680395437

Dosing unit for manual warewashing. It does not require electricity. The pump delivers the product directly into the washing tank, avoiding product waste. The dosage can be adjusted as required.

### PERISTALTIC DISPENSER FOR DETERGENT - 5

---

Pack 1 pc - EAN 8032680395390

PR4 - Professional peristaltic dispenser for detergent for glasswashers and dishwashers.

### PERISTALTIC DISPENSER FOR DETERGENT - 37

---

Pack 1 pc - EAN 8032680396533

PA6 - Professional peristaltic dispenser for detergent for tunnel dishwashers and pot washers.

### PERISTALTIC DISPENSER FOR DETERGENT - 6

---

Pack 1 pc - EAN 8032680395406

PR1 - Professional peristaltic rinse aid dispenser for glasswashers and dishwashers.

## KITCHEN SURFACES

### DEGREASEPRO - DO4300

pH 10,5

Pack 6 x 750 ml - EAN 8050999571922

Scented degreaser. Effectively removes grease, oil and organic residues.

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth. Rinse with water.

### DEGREASEPRO - DO4301

pH 10,5

Pack 2 x 5 L / ~ 5,1 Kg - EAN 8050999571939

Scented degreaser. Effectively removes grease, oil and organic residues.

**How to use:** 20-40 ml/L (2-4 caps per 5 litres) depending on amount of dirt.

Stubborn dirt: apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth. Rinse with water.

Routine cleaning: dilute recommended dose of product, apply product to surface with cloth or mop. No need to rinse.

### OVENPRO - DO4303 / DO4304

pH 13,5

Pack 6 x 750 ml - EAN 8050999571953

Pack 2 x 5 L / 5,8 Kg - EAN 8050999571960

Degreaser for ovens, hobs and grills.

Its concentrated formula makes it effective on the most stubborn dirt. Works in the most difficult areas of the oven and is also active when cold.

**How to use:** Ready to use. Apply neat product to surfaces when they reach a temperature of 50-60 °C. Ensure that the temperature of the surface to be treated does not exceed 80 °C. Leave to work for a few moments and rinse thoroughly with water.

### FLOOR POWERPRO - DO4509

pH 10

Pack 2 x 5 L / 5,3 Kg - EAN 8050999572103

Ammonia-based cleaner for hard surfaces. Degreases thoroughly and removes food grime from any surface.

**How to use:** 3-10 ml/l (0.5 -1 cap per 5 L) depending on amount of dirt. Dilute recommended dose of product in water, apply to surfaces with cloth, mop or floor scrubber-dryer. No need to rinse.

### ALCOLPRO - DO4507

pH 11

Pack 6 x 750 ml - EAN 8050999572080

Alcohol-based universal cleaner.

Degreases surfaces without leaving streaks. Dries quickly.

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth.

## CHLOR ACTIVE - DO4511

Pack 6 x 750 ml - EAN 8050999572127

pH 12,5

Odour-eliminating bleaching cleaner. Degreases thoroughly and removes pigmented dirt. Cleanses, deodorises and removes stains.

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth. Rinse with water.

## INK REMOVER - DO4510

Pack 6 x 750 ml - EAN 8050999572110

pH 11

Degreaser for ink and fine dust. Effectively removes ink stains and glue residues. Effective on fine dust deposits (smog, soot).

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth.

## ANTIBACTERIAL

### MULTI ACTIV - DO4401

pH 11

Pack 6 x 750 ml - EAN 8050999571984

Ready-to-use disinfectant for surfaces. According to Italian Ministry of Health. Alcohol-based, multipurpose, ready-to-use. Multi Activ - Useful for disinfecting kitchens, bathrooms and all food contact surfaces.

**How to use:** For normal cleaning, spray directly onto surface and wipe dry with cloth or paper towel.

### SANI ACTIVE - DO4400

pH 11

Pack 6 x 750 ml - EAN 8050999571977

Multipurpose, ready-to-use antibacterial degreaser. According to Italian Ministry of Health. Formulated to deep-clean grease, on all surfaces. For normal cleaning, spray directly onto surface and wipe dry with cloth or paper towel.

**How to use:** Spray product onto surface and leave to work for at least 15 minutes. Wipe dry with cloth, paper towel or rinse with water. Ready to use.

### SPRAY MAXI - FOAM STRAW - 60

Pack 1 pc

Maxi foam spray with 120 cm extension for 5 L tank. Used with alkaline products.

## OTHER SURFACE

### FLOORPRO - DO4506

Pack 2 x 5 L / 5 Kg - EAN 8050999572073

pH 11

Floor cleaner. Degreases thoroughly and removes all kinds of dirt.

**How to use:** 20-40 ml/l (2-4 caps per 5 L) depending on amount of dirt. Dilute recommended dose of product in water, apply to surfaces with cloth, mop or floor scrubber-dryer. No need to rinse.

### FLOOR POWERPRO - DO4509

Pack 2 x 5 L / 5,3 Kg - EAN 8050999572103

pH 10

Ammonia-based cleaner for hard surfaces. Degreases thoroughly and removes food grime from any surface.

**How to use:** 3-10 ml/l (0.5 -1 cap per 5 L) depending on amount of dirt. Dilute recommended dose of product in water, apply to surfaces with cloth, mop or floor scrubber-dryer. No need to rinse.

### FLOOR DEOPRO - DO4600

Pack 2 x 5 L / 5 Kg - EAN 8050999572134

pH 5,5

Deodorising floor cleaner. Cleans effectively, leaving a lingering scent. Eliminates unpleasant odours with odour-eliminating molecule.

**How to use:** 10-20 ml/l (1-2 caps per 5 L) depending on amount of dirt. Dilute recommended dose of product in water, apply to surfaces with cloth or mop. No need to rinse.

### IGIENPRO - DO4403

Pack 2 x 5 L / ~ 5 Kg - EAN 8050999572004

pH 10,5

Scented sanitiser with quaternary ammonium salts for hard surfaces. Cleans deep down, leaving surfaces streak-free.

**How to use:** Dosage 20 - 30 ml/l (2-3 caps per 5 L) depending on amount of dirt. Dilute recommended dose of product. Apply product to surfaces with cloth or mop. No need to rinse.

### GLASSPRO - DO4500

Pack 6 x 750 ml - EAN 8050999572011

pH 11

Multipurpose cleaner for glass and dusting. Leaves surfaces shiny, scented and streak-free. Specific cleaner for glass, mirrors and chrome.

**How to use:** Ready to use. Apply neat product directly onto surface and rub thoroughly when completely dry.

### ALCOLPRO - DO4507

Pack 6 x 750 ml - EAN 8050999572080

pH 11

Alcohol-based universal cleaner.

Degreases surfaces without leaving streaks. Dries quickly.

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth.

### ALCOLPRO - DO4508

Pack 2 x 5 L / 5 Kg - EAN 8050999572097

pH 8

Alcohol-based universal cleaner.

Degreases surfaces without leaving streaks. Dries quickly.

**How to use:** 10/20 ml/L (1-2 caps per 5 L) depending on amount of dirt. Dilute product in water, apply to surface with cloth, mop or floor scrubber-dryer. No need to rinse.

### DEOPRO - DO4601

Pack 6 x 750 ml - EAN 8050999572141

pH 5,5

Air freshener. Leaves the room scented for a long time and eliminates unpleasant odours. Leaves no residue on surfaces.

**How to use:** Ready to use. Spray product upwards about 30 cm from surfaces.

### INK REMOVER - DO4510

Pack 6 x 750 ml - EAN 8050999572110

pH 11

Degreaser for ink and fine dust. Effectively removes ink stains and glue residues. Effective on fine dust deposits (smog, soot).

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth.

### CHLOR ACTIVE - DO4511

Pack 6 x 750 ml - EAN 8050999572127

pH 12,5

Odour-eliminating bleaching cleaner. Degreases thoroughly and removes pigmented dirt.

Cleanses, deodorises and removes stains.

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth. Rinse with water.

## SANIKALPRO - DO4504

Pack 6 x 750 ml - EAN 8050999572059

pH 2,2

Scented descaler for bathroom surfaces - sinks, shower cubicles, toilets, tiles. Dissolves dirt, limescale and soap scum. Leaves a pleasant scent in the room, eliminating unpleasant odours.

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth. Rinse with water.

## ANTIKAIPRO - DO4502

Pack 6 x 750 ml - EAN 8050999572035

pH 1,2

Strong, phosphoric and sulphamic acid-based descaler. Removes stubborn dirt, limescale, rust and soap scum. Leaves surfaces shiny. Extremely effective even on vertical surfaces.

**How to use:** Ready to use. Apply neat product directly onto surface, leave to work for a few minutes and then rub with a clean, damp cloth. Rinse with water.

## WC GELPRO - DO4503

Pack 8 x 700 ml - EAN 8050999572042

pH 1,2

Descaler for toilets and urinals. Removes limescale and resistant encrustations. Leaves a pleasant scent in the room, eliminating unpleasant odours.

**How to use:** Ready to use. Spray product inside toilet and under rim. Leave to work for 15 minutes, then brush and flush.

## ANTIBACTERIAL

### SANI ACTIVE - DO4400

Pack 6 x 750 ml - EAN 8050999571977

pH 11

Multipurpose, ready-to-use antibacterial degreaser. According to Italian Ministry of Health. Formulated to deep-clean grease, on all surfaces. For normal cleaning, spray directly onto surface and wipe dry with cloth or paper towel.

**How to use:** Spray product onto surface and leave to work for at least 15 minutes. Wipe dry with cloth, paper towel or rinse with water. Ready to use.

### MULTI ACTIV - DO4401

Pack 6 x 750 ml - EAN 8050999571984

pH 11

Ready-to-use disinfectant for surfaces. According to Italian Ministry of Health. Alcohol-based, multipurpose, ready-to-use. Multi Activ - Useful for disinfecting kitchens, bathrooms and all food contact surfaces.

**How to use:** For normal cleaning, spray directly onto surface and wipe dry with cloth or paper towel.

## BAKTERIO - DO4402

pH 10,5

Pack 2 x 5 L / 5 Kg - EAN 8050999571991

Concentrated surface disinfectant according to Italian ministry of health; with bactericidal, fungicidal and virucidal activity (enveloped viruses). Removes all traces of dirt, eliminates unpleasant odours, does not affect metals, does not stain surfaces, pleasantly scents rooms.

**How to use:** Should be used diluted to disinfect, clean and deodorise. Apply solution with mop, cloth or sponge.

**DILUTIONS:** for routine cleaning, dilute product in 1 to 3% water and leave to work for 5 minutes.

## PROMAX DILUTION SYSTEM - 90

Pack 1 pc

Automatic mains-connected dispenser can quickly and easily prepare any dilution of product for use in common cleaning applications.  
For the dosage of one bottle.

## PROMAX DILUTION SYSTEM - 18

Pack 1 pc - EAN 8032680395444

Automatic mains-connected dispenser can quickly and easily prepare any dilution of product for use in common cleaning applications.  
For the dosage of one bucket.

## PROMAX DILUTION SYSTEM - 91

Pack 1 pc

Automatic mains-connected dispenser can quickly and easily prepare any dilution of product for use in common cleaning applications.  
For dosing four types of bottles with different liquids.

## DILUITORE PROMAX - 68

Pack 1 pc - EAN 8054633831281

Automatic mains-connected dispenser can quickly and easily prepare any dilution of product for use in common cleaning applications.  
For dosing four types of bucket with different liquids.
