

**WE ARE CURRENTLY SEARCHING**

## **Senior Full-Stack Ruby on Rails Developer**

**Location:** Berlin-Mitte **Job Type:** Full-time (80%-100%) **Experience Level:** Senior

### **About Us**

stocubo is an up-and-coming e-commerce company. Since 2001 we have been producing and selling our modular shelving system. Our standards are high: certified materials as well as social and ecological commitment play a major role for us - which is why we produce exclusively in Berlin.

Our IT-team is working on cutting-edge web applications, leveraging modern technologies to deliver scalable and high-performing solutions. Our team values collaboration, innovation, and continuous improvement. We love the spirit of FOSS and are contributing to it.

We are looking for a passionate Full-Stack Ruby on Rails Developer to join our harmonious and motivated team and help shape the future of our platform.

### **Your Role**

As a Full-Stack Ruby on Rails Developer, you will be responsible for designing, developing, and maintaining our web applications and ERP features. You will work closely with all departments to build new features, optimize performance, and ensure security and scalability.

### **Key Responsibilities**

- Develop and maintain web applications using **Ruby on Rails 7 and 8**
- Communication with external data sources like an ERP, Grafana, Google Measurement API, Ads, Meta and many other Tracking API
- Collaborate using **GitLab** for version control and CI/CD pipelines
- Ensure system reliability, scalability, and performance
- Troubleshoot and optimize application performance
- Maintain a safe, scalable and secure code with tests
- Utilize Linux skills for server management and basic networking tasks
- PostgreSQL, Redis, Javascript, CSS hide no mysteries for you

### **Nice-to-Have Skills**

While not mandatory, experience with the following technologies will be a plus:

- **Kubernetes** for container orchestration
- **OpenStack** for virtualization management
- **Python and Odoo** for additional backend integrations
- **Grafana** for monitoring and observability, BI

## What We Offer

- A collaborative and innovative work environment
- Opportunities for professional growth and learning
- Competitive salary and benefits package
- Flexible working hours and remote options

## How to Apply

If you are a skilled **Ruby on Rails** developer with a passion for building scalable applications, we'd love to hear from you! Please send your CV and portfolio to [bewerbung@stocubo.de](mailto:bewerbung@stocubo.de).

We look forward to hear from you!
