

Post-GCSE Results Application Procedure for Year 12 entry in September 2023

This information is for Year 11 students who either missed the original application deadline in November 2022 or applied on time but did not receive a conditional offer. Any external applicants who are currently holding a conditional offer will be contacted about the process for confirming their GCSE results in due course.

The post-results applications take place after the summer 2023 GCSE results are published, as more places occasionally become available at that point, and all applications are considered anew based on each applicant's final GCSE grades. We cannot give any guarantees as to exactly how many places might become available after GCSE results day (Thursday 24 August 2023), as this will depend on the final grades and decisions of students with a conditional offer of a place in sixth form. Please also note that some combinations of subjects have a very high demand and may not be offered on results day.

To make a post-results application, candidates will need to come to the school from 9.00am on GCSE results day (Thursday 24 August 2023), bringing the original copy of their final GCSE grades from their school. Their results sheet will need to be signed by a senior member of staff at their school such as the head of year, and should be stamped with the school stamp (usually available from the school's main admin office). Candidates should also bring official proof of any grades for GCSEs taken before the summer 2023 exam season.

Our Determined Admissions Arrangements prioritise applications from candidates who fulfil any of the following criteria, so any such applicants will need to bring documentary evidence when making a post-results application. This evidence will need to be provided by your school or local authority (i.e. your local council) and must include your full name:

- o 'Looked After Child'/'previously Looked After Child' status (i.e. those living in care)
- o Current receipt of Free School Meals, or previous receipt within the last six years
- o Current receipt of Pupil Premium/Service Premium funding, or previous receipt within the last six years.

Post-results applicants can be made from 9.00am on Thursday 24 August 2023 until 12.00 noon on Friday 25 August 2023.
