### Guidance

- This should be used as a study guide for you. It should be adapted to reflect your extra-curricular activities and commitments outside of school.
- Please adapt the science and split group homework to reflect your timetable.

- Teachers will be aware of this homework timetable. If you have more than one teacher for a subject, homework will be split between the teachers accordingly.
- If you are not set homework, then the homework should be used for independent study.
- At certain times of the year e.g. during exams, homework will be suspended to allow time for revision.
