### Guidance

- This should be used as a study guide for you. It should be adapted to reflect your extra-curricular activities and commitments outside of school.
- For Science and the Option Blocks, please fill in the subject that is relevant for you. (It may be that you need to adapt this depending on what subject you have)
- Teachers will be aware of this. If you have more than one teacher for a subject, homework will be split between the teachers accordingly.
- If you are not set homework, then the homework should be used for independent study.
- At certain times of the year e.g. when completing coursework, more time may need to be allocated to one subject.
- Please use this homework timetable alongside coursework deadlines and exam information that you will be sent separately.
