Enrichment Opportunities

for Students

Clubs & Societies

2026 - 2027

Grow Beyond the Classroom

Our enrichment opportunities offer engaging experiences that build skills, confidence, and community.

We encourage all students to participate in enrichment activities.

Monday

Volleyball	18/09/2026	12:30 - 1:00pm	7 to 9	Sports Hall	PE Department

Summary of Clubs & Societies

In alphabetical order:

Advance Cubing Club
Open to all years. Come and join us to learn and improve the CFOP (C - cross, F - first two layers, O - orientation of the last layer and P - permutation of the last layer) method of solving a rubiks' cube. This is a bi-weekly club.

Aeronautical Origami (Paper Aeroplane Club)
Open to Years 7 to 9. Students will be taught, in a fun and educational way, about basic aeronautics (the physics of planes and how they fly). You will also construct paper aeroplanes and there will be weekly competitions.

Ancient Worlds Club
Open to all Years. Come and learn about the history, art, language and mythology of ancient societies from across the globe. We will present a new topic each week, with the opportunity to suggest or host your own sessions.

Anatomy Club
Open to Years 7 to 11. Anatomy Club will dive into the fascinating world of Human anatomy with lots of interesting biology facts and news.

Animation Club
Open to Year 7. Students will draw, experiment with basic crafts such as wire work, explore famous artworks along with their historical techniques and backstories, all in a relaxed and creative space.

Astronomy Club
Open to all years. This club will present recent breakthroughs in the space world and showcase shocking news! Students will be presented with a new and recent astronomy breakthrough or important event each week. Students can take part in weekly kahoots to win a prize.

Beacon Christian Union
Open to all years. Come and join us for discussions about the bible, games and snacks!

Book Club
Open to Years 7 to 9. Do you love to read? If so, come and join our book club and engage in discussions about everything that we read.

Cold Cases Club
Open to Years 7 to 10. This club looks into real life cold cases, explains the main theories surrounding them. You will have the chance to make up and discuss your own theories. Prizes will be given to students with the best and funniest theories.

Crafting Club
Open to Years 7 & 8. Crafting Club will allow students to indulge in the artistic side of learning whilst having a chance to chill out after a hard week of learning.

Creating with Paper & Card
Open to Years 7 to 9. Come and learn the art of making interactive books from papers and cards involving a range of challenging techniques and skills. Learn how to take your paper-making skills to a whole new level! The sky is the limit when you add what you will learn with your imagination. This club is also ideal for those interested in graphic design and illustration.

Crochet Club
Open to Year 7. Looking for a relaxed space to unwind, chat and work on your latest crochet project then come and hang with us and meet your fellow Year 7 classmates. All skill levels are welcome.

Dance Squad
Open to Years 7 to 9. Students will have to audition for this club and attendance is then only by invitation. Dance Squad is dedicated to improving dance training in a progressive environment, where students are encouraged to learn choreography in all styles and condition their body to improve their skills.

Debate Club (About Sleep)
Open to Years 7 to 10. How many hours did you sleep last night? Was it actually enough? Does everybody really need the same amount of sleep? Why can some people sleep less than others? Can sleep affect our memory and schoolwork? Are you curious about how sleep affects our body and brain? If so, come along and learn more. We will watch short videos, look at real evidence, carry out a survey about students' sleep and debate interesting questions. Free chocolate to everyone that comes!

Debate Club
Open to all years. The focus of Debate Club is to help students develop their general knowledge and confidence in public speaking, while also training them in the British Parliamentary debate format for external and internal competitions.

Drama Club

Open to Year 7. “The play’s the thing wherein we’ll catch….” the dramatic talent of our new Year 7 students! If you want to develop your drama skills whilst making new friends and having lots of fun, come along and sign up for our Club.

Economics Society

Open to Years 10 to 12. Our society offers a space for students to explore real-world markets, public policy, and global finance through student-led debates, case study competitions and policy discussions. Members will learn how economic principles shape everyday decision-making and world events. Whether you are aiming to study Economics at university or simply curious about how the world works, this Society provides opportunities to sharpen your critical thinking and analytic skills.

Ethics Club

Open to Years 9 & 10. This club revolves around medical ethics with case studies and exciting real-life debates. Come along if you enjoy a mix of debating and sciences (particularly medical!). We want to help students develop key skills such as critical thinking and problem solving. It doesn't matter if you want to be a medical professional or go into the financial field - this club is for everyone!

Environment Engineering Club

Open to all years. Are you interested in sustainability, renewable energy, or designing greener cities? Do you want to discover how science and engineering could help solve environmental challenges? If so, then our club is for you! In our sessions together we will explore:

- Renewable energy sources and how we can use them more effectively
- Chemical engineering, including how materials and fuels can be made greener
- Sustainability and the science behind tackling climate change
- Fun practical experiments and design challenges to solve environmental problems

Everyone is welcome! Come along with your friends and lunch and bring your creative skills.

F1 Society

Open to all years. Are you a Formula 1 fan or would like to become one? This club will establish a community of passionate F1 fans, and students new to F1, to develop a newfound interest in the world of motorsport. Focusing on topics ranging from drivers, teams and circuits to aerodynamics that facilitate the cut-throat battles on the track.

Film Society

Open to Years 7 to 9. Film Society will teach students about the impact and history of film and analysing this. You will have a chance to develop your own screenplay or film.

First Lego League
Open to Years 7 to 9. This club will involve designing and coding robots to solve the challenges of the First Lego League Competition.

Forensic Science
Open to all years. This club will look into the exciting world of forensic science and the role of scientists in criminal investigations.

French Choir
Open to Year 9 students. Come along and practice singing in a musical ensemble in French! You will learn and memorise songs thus improving your French at the same time.

Gardening Club
Open to Years 9 to 13. This club runs on an ad-hoc basis. If you feel like giving Gardening Club a go then please just come along. The aim is to give students the opportunity to get some fresh air and learn about plants and nature in a relaxed environment.

Hinduism Club
Open to Years 7 to 11. This club will focus on key ideas and stories in Hinduism and invite students to connect with Hindu culture. We will bring Indian snacks and every month, we will have a quiz or presentation and also do colouring activities to focus on meditation. This is a bi-weekly club.

History Club
Open to all years. We will offer presentations every week on interesting and slightly obscure historical topics. We welcome recommendations for topics from attendees.

Hong Kong Culture Club
Open to all years. Bringing members together to explore the vibrant heritage of Hong Kong through hands-on cultural activities, arts and games. Come along and discover festivals of Hong Kong, learn some Cantonese and try some traditional snacks. Takes place once per month.

INGENIUM - Engineering/Physics Society
Open to years 7 to 11. This club will introduce you to the world of engineering. The vast expanse of knowledge that you will experience is colossal. Not only will you embark on the adventure through space and mechanics but also the core fundamentals you see day to day but never truly grasp. Come and join us and help put the fun in Fundamental! You will work collaboratively with the help of two intellectual Year 12 mentors who will help you discover the secrets of the universe - mysterious and ubiquitous.

Intermediate Greek
Open to Year 11 students who have passed the Intermediate Certificate in Classical Greek in Year 10. We will continue to study the language at a more complex level, with a view to enable those who wish to sit a GCSE in Classical Greek in Year 12.

Islamic Society
Open to all years. The focus of this club is to inform people about Islam and create a community for the school's Muslim students and any others who wish to learn more.

JMC Club
Open to Year 8. This club will help students with their JMC preparation.

KS3 Science Club
Open to Years 7 & 8. An opportunity to explore science outside of the curriculum, with plenty of opportunities to do practicals and research in all three sciences.

Law & Politics Society
Open to Years 9 to 13. Our Society is a fun, interactive space where we go over the UK and International policies. We will discuss important world topics that will help inform you of the systems built within our country, like our UK parliamentary system, as well as other key issues that affect us on a day-to-day basis. Moreover, we will help form coherent arguments debating on government actions that shape policies as well as better understand what we as youth can do to have a wider impact on influencing law that directly concerns us.

LGBTQ+ Society
Open to all years. Our club welcomes all LGBTQ+ members and allies who wish to enhance their knowledge of the community and celebrate their identities.

Linguistics Club
Open to Years 10 to 13. The focus of this club is to discover the wonders of the science behind how language works in the mind and in society. We will also have plenty of fun sessions full of activities, such as creating our own language!

Mandarin Club
Open to all years. Come and learn about Chinese culture by watching video clips, taking part in handicraft and other fun activities and also learn the language. Takes place 3 times per month.

Medical Society KS4
Open to Years 10 to 13. Come along and discuss medical discoveries, debates and progress.

Medical Society KS3
Open to Years 7 to 9. Come along and discuss medical discoveries, debates and progress.

Minecraft Club
Open to all years. Come along and discuss and plan new builds using our school's private Minecraft server that is available only to club attendees. Work with like-minded students to build a whole new world. These sessions are bi-weekly.

Mock Trial Society
Open to all years. Students will have the opportunity to explore the field of law whilst having fun. Participating in mock trials is one of the most effective ways to build public speaking and critical thinking skills. Whether you are considering a future career in law or just looking to grow your confidence, our Society offers you a fun and effective way to develop skills and experience.

Model United Nations (MUN)
Open to all years. MUN gives students the opportunity to explore global issues through structured debate and diplomatic negotiation. Participants represent different countries, research their position, deliver speeches, propose resolutions and work with others to reach solutions to international challenges. You will develop confidence in public speaking, critical thinking, negotiation and an understanding of current affairs, whilst also preparing students for participation in Model UN conference.

Musical Theatre
Open to Years 8 & 9. "Another Opening at Another Club!" Calling all budding West End stars or simply musical theatre enthusiasts. If you have a passion for singing, dancing and jazz-handing then come along and sign up for our Club.

Not a Doctor (Yet) - MedSoc
Open to all years. Have you ever watched a medical drama and thought "I could diagnose that"? Now is the time to prove it. At MedSoc we will crack mystery cases, debate challenging ethical dilemmas, uncover bizarre facts about the human body and explore breakthroughs in changing medicine. We won't just talk about medicine - we will also bring it to life through exciting, hands-on practical sessions. Whether you are a future surgeon, a science detective or simply curious about why bodies behave so strangely, then come and join us! No previous experience is needed - just curiosity and a strong stomach! This is a bi-weekly club.

Philosophy Reading Group
Open to Years 8 to 11. If you cannot make sense of philosophy then come along to our reading group. We will read and discuss short philosophical books including authors from Aristotle to Margaret Atwood.

Poetry & Shakespeare Society
Open to all years. Come along to explore poetry and Shakespeare in a relaxed and fun environment. There will be opportunities to read and write your own poetry.

Politics & Current Affairs Society
Open to Years 7 to 10. Students will engage with the ever changing surroundings of the present day and be encouraged to think about their views of the world. Through activities such as informal debate, quizzes and discussions, we hope to share the importance of active citizenship and investment in society.

Psychology Club
Open to Years 7 to 11. This club will focus on the aspects of human psychology, such as dream, personality types, memory, neurodivergence and lots more.

Senior Greek
Open to Year 12. This club is for students who are working towards sitting their Greek GCSE in May 2027.

Spanish Support
Open to all years. Need help with Spanish? Mr Tacoronte will be on hand to help with everything Spanish.

Survey & Debate Club
Open to Years 7 to 10. This club will explore the curiosity of various life topics by watching short videos, undertaking research, conducting surveys and taking part in debates.

Translation Club (French & Spanish)
Open to Years 8 to 13. Are you passionate about languages? Do you love solving linguistic puzzles? Do you want to explore how stories and ideas travel across different cultures? If so, then Translation Club is for you! Come along and complete some fun translation projects, whilst sharpening your language skills and building your ability to think critically.

V&A Innovate
Open to Years 7 & 8. Come along and stretch your creative mind while working in teams to come up with new and innovative design ideas.

Warhammer Club

Open to Years 7 to 10. Warhammer is a hobby that includes lots of activities, such as minifigure painting, tabletop battle games and reading. There is something for everyone at Warhammer.

Young Novelist Creative Writing Club

Open to Years 7 to 9. Would you like to write your own novel? Then come along to our club and learn how to find core ideas, plan or discover your path and write the first draft.

If you would like to join any of the clubs / societies that are offered, please either email the Enrolment Contact or just turn up on the day.

If you have any questions relating to a specific club, please contact the Enrolment Contact.
